THE MINISTER OF DEFENCE (SHRI GEORGE FERNANDES): (a) Yes, Sir.

(b) to (d) The problem of inadequate covered accommodation cannot be attributed entirely to the incidents of fire in ammunition/ordnance depots. The problem has been addressed and adequate measures have been taken to provide permanent storage accommodation. As a consequence of the efforts to construct storage accommodation in the last two years, the ammunition lying under tentage and canvas has been reduced from 1.5 lakh MT to 0.9 lakh MT. The work sanctioned in the financial year 2000-2001 and year 2001-2002 is expected to be completed by year 2003-2004 and year 2004-2005 respectively. This will add approximately 1.5 lakh MT of ammunition storage accommodation. With this the entire stock of ammunition lying in the open under canvas and tentage as well as some of the ammunition lying under temporary accommodation will be brought under permanent covered accommodation.
